

WHAT IS HAPPENING IN THE SUBURBS OF THE CAPITAL

Martha Washington Chapter, Order of the Eastern Star, Alexandria' Confers Degrees on Four Candidates.

ALEXANDRIA, March 21.—Martha Washington Chapter, No. 42, Order of the Eastern Star, conferred the Star degrees on a class of four candidates last night. The following officers were elected and appointed: Mrs. Matilda Schwarzmann, worthy matron; George W. Zachary, worthy patron; Mrs. Mueller, associate matron; Mrs. Evelyn Reynolds, secretary; Miss Lucy M. Graves, treasurer; Mrs. Florence Clift, conductor; Mrs. Margaret Davis, associate conductor; Mrs. Lucille Batcheller, chaplain; Miss Annie Luckett, marshal; Mrs. Bessie McCuen, organist; Jane Chadwick, adak; Miss Margaret Finks, Ruth; Mrs. Rena Blumenfeld, Esther; Miss Julia Duncan, Martha; Miss Mary Brown, electa; Mrs. Mamie Reishell, warden. The installation will occur on the evening of Tuesday, April 10.

Randolph Chapter, Knights of Rose Croix, No. 3, will confer the eighteenth degree on Friday evening, at the Masonic Temple.

Mrs. Louisa N. Duffey will act as hostess at the tea at the Girls' Club on Friday afternoon.

The Rev. C. G. Curry, superintendent of the Alexandria district, colored Methodist Church, was appointed minister of the Ansbury Church, Baltimore, by the annual conference which closed at Baltimore yesterday. He will be succeeded in this district by the Rev. E. J. Riddick, of Lynchburg, Va. The Rev. J. W. Jackson, pastor of the Roberts Chapel here, was returned to that charge.

Among the speakers at the banquet of the Baraca class, held last night in the Young People's building, were Rev. Dr. E. B. Jackson, pastor of the First Baptist Church; Samuel W. Pitta, superintendent of the Sunday school of that church; Norman L. Williamson, teacher of the class; M. T. Pitta, Corrie Fletcher, and Carroll Pierce. G. R. Gaines, president of the class, was toastmaster. The hall was decorated in blue in honor of the "Blues," for whom the banquet was given. About 100 were present.

Archey Posey, colored, arrested on a charge of assaulting another man with an iron bar on the steamer Majestic, night before last, was fined \$25 by Police Judge Caton today.

G. W. U. PLANS TO MOBILIZE

Starts Military Census of Students and Alumni.

George Washington University is getting ready to mobilize in the event of war with Germany.

Preparations are being made for the taking of a military census of all male students and graduates of the university. William D. Halsey, instructor in mechanical engineering and recently appointed adjutant for the university, will supervise the census.

When the record is completed, George Washington University will be able to inform the Government at any time exactly how many trained men it can furnish.

LIKENS POLICE TO CHURCH.

Like the church, the police department works to uphold good and prevent wrong, according to Major Raymond W. Pullman, superintendent of police, who addressed the Men's Society of the Mt. Vernon M. E. Church last night.

Major Pullman described the police department and the church as "allies working for a common cause."

MUST BACK U. S. OR QUIT THEIR JOBS

Employees of Maryland Mine So Notified By American, a Native of Turkey.

Because some of his tenants and employees of the company of which he is general manager and chief engineer have expressed pro-German views, and because he wishes to absolve himself from all likelihood of becoming involved in complications with the United States Government, A. A. Hassan, of the Great Falls Mine of Maryland, has issued the following notice:

"Employees of the Great Falls Mine of Maryland, making propaganda for the benefit of the rulers of Germany, Austria-Hungary, Turkey or Bulgaria or their governments, who shall incite to riot other employees or people living upon the property of the Great Falls Mine of Maryland, will be summarily discharged and reported immediately to the State and Federal authorities for further action."

Mr. Hassan today stated that the water mains conveying the water supply to Washington pass through his property. The mains are guarded by Federal soldiers.

"I want no quarreling among my employees on this question," said Mr. Hassan, "and although there has been none yet, I issued the statement first to ward off any possible trouble, and secondly as a suggestion to other employers. Remarks on the international situation often lead to violence. 'Yes, I am by birth a Turk, but now I am an American. I want the Government to know that I stand behind the President.'"

CAN SHORTAGE AVERTED.

Encouraged by the attitude of President Farrell, of the United States Steel Corporation, and officers of the American Tin Plate Company and other big manufacturers of plates for tin cans, Secretary of Commerce Redfield is optimistic that a serious can famine will be avoided. The big manufacturers of the country indicated at a conference in New York with Dr. Pratt, chief of the Bureau of Foreign and Domestic Commerce, and Dr. Carl Alsberg, chief of the Government's pure food bureau, that they would co-operate in every way to get supplies to the canners.

COST OF LEARNING GOES UP.

PHILADELPHIA, March 21.—Haverford College announces that an increase of \$25 a year in the charge for each resident student will go

into effect next year, on account of the all-around increase in running expenses of the college. The budget for next year anticipates spending \$600 for each resident student.

**Instantly! Corns Stop Hurting!
Corns Loosen and Lift Out**

No pain! Few drops loosen corns and calluses so they fall off—Never let corns ache twice—No humbug!

For a few cents you can get a small bottle of the magic drug freezone recently discovered by a Cincinnati man.

Just ask at any drug store for a small bottle of freezone. Apply a few drops upon a tender, aching corn or callus and instantly all soreness disappears and shortly you will find the corn or callus so loose that you lift it off with the fingers.

Hard corns, soft corns, or corns between the toes, also hardened calluses on bottom of feet shrivel up and fall off without hurting a particle. It is almost magical. Freezone is a scientific compound made from ether, says a well-known druggist here, and the genuine is always sold in these little bottles packed in a round, wood case. Don't accept it unless in a round, wood case.—Advt.

LUCKY STRIKE

The real Burley

LUCKY STRIKE

cigarette

MEN who smoke Burley tobacco don't want to smoke any other kind; the green, blue, or red tin is a steady companion.

But until now Burley tobacco couldn't be had in ready-made cigarettes. Nobody knew any way to make a Burley cigarette that didn't quickly lose its flavor, when made up in that form.

Until now, we said. Because after years of careful study and experimenting we've found a way to make a Burley cigarette that will keep its rich flavor indefinitely. We toasted the tobacco.

The thing seems simple now; it wasn't simple until we found it. The tobacco—it's *toasted*; you know what that means when you have a few slices of fresh, crisp, appetizing toast for breakfast; hot, buttered. So try Lucky Strike now; the tobacco—it's toasted.
